B. In determining whether a reasonable degree of competition does not exist within a line of insurance, the COI shall consider the following factors:

2. Market shares of the leading writers and the changes in market shares over a reasonable period of time;
3. Existence of financial or economic barriers that could prevent new firms from entering the market;
4. Measures of market concentration and changes of market concentration over time;
5. Whether long-term profitability for insurers in the market is reasonable in relation to industries of comparable business risk;
6. The relationship of insurers' cost to revenue over a reasonable period of time.
7. The availability of insurance coverage to consumers in the markets by specific geographical area, by line of insurance and by class of risk;
8. The extent to which any insurer or group of affiliated insurers controls all or a portion of the market; and,
9. The opportunities available to consumers in the market to acquire pricing and other consumer information.

These factors must indicate that there is a competitive market in order for a determination to be made that the market is competitive for the line of business under review. If it is determined that a line of business is noncompetitive, the rates for that line of business shall be governed by the file and use provisions of LRS 1401.1B until such time as a finding is made that the market is no longer noncompetitive.

C. The Commissioner shall hold an investigatory hearing to determine if the market is noncompetitive if he receives a written request from an aggrieved policyholder or any other affected person or organization. The request must specify the grounds relied upon by the complainant.

In making a determination as to whether an insurer is engaging in anticompetitive behavior, the Commissioner may consider the factors listed in §9315.

B. The Commissioner may hold a disciplinary hearing if he has reason to believe that an insurer is using exempt rates with a policyholder who does not qualify as exempt commercial policyholders.

### **COMMERCIAL LINES INSURANCE RATE DEREGULATION**

LAC 37: XIII. Chapter 93

#### **PROPOSED REGULATION 80**

LRS 22:1401.1 was adopted by Acts 2004, No. 878. It implements a regime of rate deregulation for most lines of commercial insurance written on commercial entities whose annual premiums exceed ten thousand dollars, excluding workers compensation and medical malpractice insurance unless the market is noncompetitive. The Act requires the Commissioner to promulgate a regulation for determining if the market is competitive or noncompetitive.

The regulation consists of the following provisions:

1. Authority
2. Scope and Applicability
3. Severability
4. Definitions
5. Types of Insurance Exempt from Rate Filing and Approval Process
6. Exempt Rates
7. Noncompetitive Market; Public Notice and Hearing
8. Disciplinary Hearings; Fines
9. Effective Date

Finally, there is a Family Impact Statement and a provision advising Interested Persons of the dates for submitting comments and the public hearing.

Section 9311 of the regulation gives examples of the types of lines of commercial insurance that will be exempt from prior approval if the Commissioner declares that the market is competitive. Section 9313 requires the Commissioner to hold a hearing, in compliance with the Open Meetings Act, prior to declaring the market competitive. Section 9315 contains the factors that the Commissioner is to consider in determining the status of the market for a line of business. If the market is competitive for a line of business then that insurance may be written with limited regulatory oversight. Only an informational filing is required. If the market is not competitive then the rates will be regulated on a “file and use” basis in accordance with LRS 22:1401.1B.

In addition to the hearings which can be called by the Commissioner to determine the status of the marketplace, §9315 also provides that the Commissioner shall hold a hearing if he receives a written complaint from an aggrieved policyholder. Additionally, the regulation states in §9317 that the Commissioner has authority to hold a hearing if he has reason to believe that an insurer is engaging in anticompetitive behavior or is using exempt rates with an insured who falls below the ten thousand dollar threshold set by Act 878.
